## WEBINARS

### Python Programming

- Eroovoutika | 2020

### Introduction to Web Security Threats

- TrendMicro | 2020

### Ground Breaking Data Science Technologies with a Plethora of Resources in the Intelligent Scenario

- Department of Computer Science, St. George's Arts and Science College | 2020

### DATA ANALYSIS in R using STATCRAFT

- Sathyabama Institute of Science and Technology | 2020

### Blockchain Technology- Concepts, Security & Real-Time Applications

- Department of Computer Science, Dr.M.G.R. Education and Research Institute | 2020

### Enterprise Artificial Intelligence Data Analytics, Data Science, and Machine Learning

- Department of Computer Science, Field Marshal K M Cariappa College, Madikeri | 2020

## SOFTWARE ENGINEER

JUL 2022 - JAN 2023

### ACACIA - SOFT

- Developed algorithms and programs using advanced coding skills and debugging capabilities.
- Conducted comprehensive software testing to ensure applications were defect-free.
- Employed creative problem-solving strategies in addressing complex technical issues.
- Utilized version control tools for change management and task administration.

## IT SUPPORT SPECIALIST / ADMIN

2016 - 2017

### KXF, RAT CORPORATION INC.

- Resolved technical issues and performed network maintenance to ensure optimal performance.
- Installed and set up various software applications, supporting office operations.
